Anchor bolts or fasteners to the concrete are not supplied with this building package unless ordered separately. Sales tax will be calculated at the rate of the delivery address if applicable it will be added to the full payment amount and paid by the buyer when requested. The customer is responsible to check and confirm the loads and codes regardless of our knowledge or conversation during the sales process. If this quote results into entering into a contract to provide this building, once ordered, the buyer is responsible to pay the full amount negotiated and contracted. We recommend that the buyer also hire a professional engineer to design a concrete foundation that will compliment this building. Safety should be considered foremost and can be researched at [www.osha.com](http://www.osha.com). We also recommend you plan out the assembly of your building before you start.

We reserve the right to refuse service or sales to anyone for any reason.
